

Witchcraft
Karin Thyr Eriksson & Göran Eriksson

You're playing your cards
With your queen of hearts
When everyone folds
Your fort still holds
You're placing your bet
Showing no regret
Close your eyes to hide your lies
roll the dice

You've got me tip toeing around you like you're made of glass
Got an invisible fence letting everyone know not to trespass
But you're bound to break down, bound to lose
Bound to get knocked right out of your boots
When I use my witchcraft

You're playing it cool
Bending all the rules
Talking way too loud
And you're talking rude
You're playing a game
Driving me insane
Your heart is black, It's it a fact
No turning back

You've got me tip toeing around you like your made of glass
Got an invisible fence letting everyone know not to trespass
But you're bound to break down, bound to loose
Bound to get knocked right out of your boots
When I use my witchcraft
Oh o
When i use my witchcraft
Oh oh

I've got my moves
I've got my song
When I turn my mojo on
I'm feeling fine
I'm feeling strong
It won't take long

When I use my witchcraft

Oh - o - o - o

When I use my witchcraft

Oh - o - o - o

Watch me use my witchcraft

I'm gonna use my witchcraft
