

You couldn't hurt me if you tired
Music & Lyrics by Karin Thyr Eriksson

Since you left me, I've been alone
Tryin' to comprehend what the hell when wrong
I've been foolish for to long
This madness gotta stop
and it's ending with this song

Yesterday went by
without me crying a singel time
Tears are hard to hide
But I know I'll be just fine
You couldn't hurt me if you tried

Let's go down where the river moves
Tryin' to get across, seeing where it goes
I'll find peace when I look to the sky
The wind will take my sorrows
And all the tears I cried

Yesterday went by
without me crying a singel time
Tears are hard to hide
But I know I'll be just fine
You couldn't hurt me if you tried

Yesterday went by
without me missing you a singel time
Pain is hard hide
But I know I'll be just fine
You couldn't hurt me if you tried
